Hot Stick / Shotgun Attachment

- A bucket knife with a secure universal and shotgun attachment
- High-grade stainless-steel blade for maximum durability for the toughest insulation
- Blunted angled blade design for maximum sharpness
- Blade is molded into the handle for superior strength
- Finger guard for maximum safety
- Ergonomic design with over mold for secure grip
- MADI green for high visibility
- Ships with a protective sheath

The most innovative tool just got better and safer.

Decrease outages, minimize open neutrals and bad connections, & create significant savings by brushing conductors properly!

MORE DURABILITY

- Integrated stainless steel wire brush for cleaning conductors to make better connections
- Locks in open position to prevent accidental closing
- Brushes up to 1000 MCM Conductor
- Blade can be closed when not in use
- Replaceable brushes

Catalog #: BB-2 (BrushBlade II)

+ MAXIMUM SAFETY

- New & improved blade!
- Safety Blade – No cut blade except for recessed area

Replaceable brushes

Cutting area

Blunt edges & tip

Catalog #: BB-2S (BrushBlade safety)
Catalog #: WB-1 (Wire brush replacement)

Fixed Blade Skinning Knives

POINTED TIP

Pointed angled blade design for maximum sharpness

Catalog #: FBSK-1

SAFETY BLADE

No cut blade except for recessed area

Blunt edges
& tip

Cutting area

Catalog #: FBSK-2S

- High-grade stainless steel for maximum durability and sharpness
- Blade and snap ring are molded for superior strength and separated by non-conductive material
- Ergonomic design with over mold for secure grip
- Finger guard for maximum safety
- MADI green for high visibility
- Ships with a protective sheath

Fixed Blade Skinning Knives

BLUNTED TIP

Front

BLUNTED TIP

Back

Catalog #: FBSK-3B

- High-grade stainless steel blade for maximum durability and for the toughest insulation
- Blunted angled blade design for maximum sharpness
- Blade and snap ring are molded for superior strength and separated by nonconductive material
- Ergonomic design with over mold for secure grip
- Finger guard for maximum safety
- MADI green for high visibility
- Ships with a protective sheath

POINTED TIP

Catalog #: PTOLK-1P

- Drop-point blade design with pointed tip

STRAIGHT KNIFE

Catalog #: PTOSK-5

SAFETY BLADE

Blunt edges & tip

Cutting area

Catalog #: PTOLK-2S

BLUNTED TIP

Catalog #: PTOLK-3B

Features of all ONEFLIP™ knives:

- High-grade stainless steel for maximum durability and sharpness
- Push button to open & close – enables quick one-handed opening and closing with **work gloves on**
- Blade locks open and closed

Reversible Belt Clip

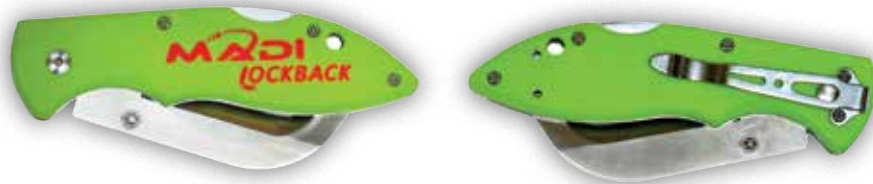

LOCKBACK LINEMAN KNIFE

SAFETY BLADE

Catalog #: LB-2S

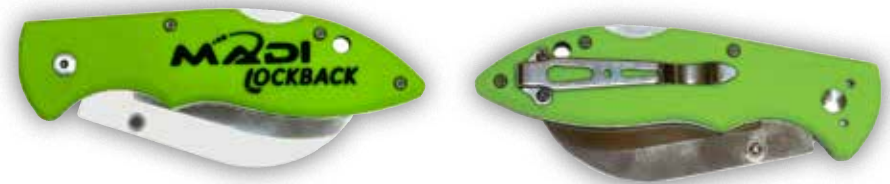

Features & Benefits:

- High-grade stainless steel for maximum durability and sharpness
- Safety Blade – No-cut blade except for recessed area
- Blade locks open
- Push stud to open & push LOCKBACK to close – enables quick one-handed opening and secure closing with **work gloves on**
- Reversible belt clip

BLUNTED TIP

Catalog #: LB-3B

Features & Benefits:

- High-grade stainless steel for maximum durability and sharpness
- Blunt-tip blade
- Blade locks open
- Push stud to open & push LOCKBACK to close – enables quick one-handed opening and secure closing with **work gloves on**
- Reversible belt clip

POINTED TIP LINEMAN KNIFE **NEW**

To close

Catalog #: LB-1P

Made to open and close with work gloves on

Features & Benefits:

- High-grade stainless steel for maximum durability and sharpness
- Pointed tip blade
- Blade locks open
- Push thumb stud to open & push LOCKBACK
- to close – enables quick one-handed opening and secure closing with **work gloves on**
- Reversible belt clip

QUICK CHANGE UTILITY KNIFE **NEW**

Oversize blade release button Thumb stud to open

LOCKBACK to close

Made to open and close with work gloves on

Catalog #: LB-UK

Features & Benefits:

- Tool-less blade change
- Over-size blade release button
- Ergonomic Handle for Secure Grip
- Push thumb stud to open & push LOCKBACK
- to close – enables quick one-handed opening and secure closing with **work gloves on**
- Uses standard utility blades
- Reversible belt clip

Spring Assisted Lineman Knife

Spring assisted for quick one-handed opening (Left-handed or right-handed)

Push button close enables one-handed closing

Pointed Tip

Larger safety lock to prevent unwanted opening when closed

Catalog #: SALK-1

- High-grade stainless steel for maximum durability and sharpness
- Easy open and close with **work gloves on**

Reversible Belt Clip

Universal/Shotgun Knife

- Works in all shot gun sticks and universal sticks
- High-grade stainless steel blade for maximum durability and for the toughest insulation
- Pointed angled blade design for maximum sharpness
- Replaceable blade
- Cast aluminum base

Catalog #: USSK-1 (Shotgun knife)

Multi-Purpose Pocket Knife

Stainless steel blade

Wire stripper / strap cutter

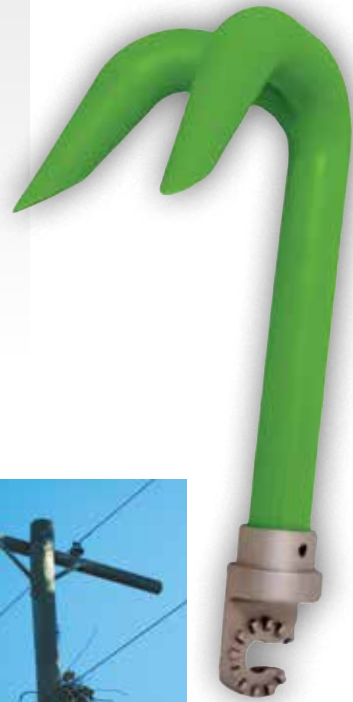

- High-grade stainless steel blade
- Durable lightweight polymer handle
- Integrated strap cutter & wire stripper
- Includes belt clip
- Blade can be customized - minimum quantities required

DOUBLE-HEADER™
Universal Attachment

- Attach two different universal tool accessories to one hot stick
- Aircraft aluminum construction for maximum durability and minimal weight
- Works with all universal tools

- Two-prong, angled, tapered design for quick vine removal in tight spaces
- Fiberglass-reinforced nylon is non-conductive and lighter weight for less fatigue (Less than 1 lb.)
- Works with all universal tools
- Aircraft aluminum base for strong secure fit

New Uses Identified:

- Catch tag lines
- Remove tree limbs
- Break ice
- Clear vegetation at pole base/ transmission towers
- Fish down wires from trees
- Remove vacant birds' nests
- Lift phases

- Single “J” design allows top and bottom conductor brushing
- Strong, durable and lightweight base
- Works in all shotgun sticks and universal sticks
- Stainless steel wire brush is replaceable
 - J1590 – up to 1590 MCM
 - Use 5/32” Allen key to replace

Catalog #: HJWB-1

Catalog #: J1590 (Brush Replacement - Up to 1590 MCM)

Replaceable brushes

Swivel “J” Wire Brush

- Double “J” design allows top and bottom conductor brushing
- Strong, durable and lightweight base made out of aluminum
- Wire brush accessory
 - J1590 – up to 1590 MCM
- Stainless steel wire brushes are easily replaceable
- Floats freely or locks
 - Adjustable swivel-action enables smooth brushing

Catalog #: SJWB-1
Catalog #: J1590

Mini FlatRound Brush

- Integrated stainless steel wire brushes for cleaning conductors to make better connections
- 2 Tools in 1
 - Flat brush for hard to brush places
 - Round brush for up to 1000 MCM conductor
- Durable, lightweight & convenient to carry on climbing belts
- Non-conductive and brushes are not exposed

Catalog #: MFRWB-1

Catalog #: WB-1 (Brush replacement - fits both)

DogBone™

THE LINEMAN'S WIRE BRUSH

Features of both the DogBone™ and FlatRound™

- Integrated stainless steel wire brushes for cleaning conductors to make better connections
- 2 Tools in 1
 - Flat brush for connector pads - this is only on the FlatRound
 - Round brush for up to 1590 MCM conductor
- Durable and lightweight
- Non-conductive and brushes are not exposed
- Wire brushes are easily replaceable—same brush fits both ends
- Built-in snap ring to conveniently carry on climbing belts

Use one end for aluminum and the other one for copper (if required)

FlatRound™

THE LINEMAN'S WIRE BRUSH

Catalog #: DBWB-1 (DogBone wire brush)
Catalog #: FRWB-1 (FlatRound wire brush)

Catalog #: LWB-1 (Large wire brush replacement - fits both ends)

Double Flat Wire Brush

- Double sided replaceable wire brush
- Non-conductive glass-filled nylon material for maximum strength and no deterioration like wooden brushes
- No screws to remove or tools required to change wire brushes
- Ergonomic rubber handle for comfort and secure grip
- Snap ring is molded into the handle

Catalog #: DFWB-1
Catalog #: LWB-1

Replaceable brush fits on both sides

*Designed to open switch gears
and transformers*

SCREWDRIVER

3/8" screwdriver for opening
the primary door on 3 phase
transformers

**3/4" REMOVABLE
PENTA SOCKET**

Attach any 1/2" socket

Designed for opening
all transformers &
switch gears

**HAND HOLE
LID LIFTER**

Built-in design for
lifting hand hole lids

SPEED SLEEVE™

Spins freely to open
transformers & switch
gears 2X faster

**LIFE &
DURABILITY**

Heat-treated alloy steel

*Convert for tight
spaces*

- For use with:
 - 1/2"-drive hand tool
 - 1/2" or 3/8" drill driver
 - 1/2" impact driver
- Includes 3/4" impact-rated
removeable penta socket and
removeable drill adapter
- Perfect for limited space and
tough angles
- Speed Sleeve™ spins freely
to prevent friction on hands
or gloves

Insulated 2-In-1 Ratcheting Wrench

Catalog #: RW-2

Features & Benefits:

- 1000V-insulated with isolated ends and non-conductive grip
- Forged steel for longer life and greater durability
- 9/16" and 3/4" twelve-point sockets
- Finger-lip starter helps get the nut ready for ratcheting
- Ergonomic handle with over mold for superior grip
- "OFF" side is textured green for positive identification in low light

Insulated 4-In-1 Ratcheting Wrench

Catalog #: RW-4

Features & Benefits:

- 1000V-insulated with isolated ends and non-conductive grip
- Forged steel for longer life and greater durability
- 1/2", 9/16", 5/8" and 3/4" twelve-point sockets
- Finger-lip starter helps get the nut ready for ratcheting
- Ergonomic handle with over mold for superior grip

SLOT SOCKET™ PLUS

Multi-use wing nut and eye bolt type clamp applications:

- Grounding clamps
- Hot line clamps
- T-clamps
- Underground feed through bushings
- Layout arm hardware
- Stringing block
- Temporary arm insulators

PLUS

- 5/8" and 3/4" eye nuts
- Non-standard eye nuts on the composite arms
- Large hardheads or lags
- 3/4" square nut on a 1/2" bolt
- Improved Fit on large J hooks
- High-visibility ID band
- Impact-rated

Catalog #: SS-2

SLOT SOCKET FLIP

- Impact-rated
- Three square openings in one socket
 - 3/4" (oversize) fits 1/2" hardware
 - 1" fits 5/8" hardware
 - 1-1/8" fits 3/4" hardware
- Secure lock quick-change adapter:
 - Easy to use with rubber gloves
 - Prevents unwanted socket disconnect

- Multi-use wing nut and eye bolt type clamp applications:
 - Grounding clamps
 - Hot line clamps
 - T-clamps
 - Underground feed through bushings
 - Layout arm hardware
 - Stringing block
 - Temporary arm insulators
 - 5/8" and 3/4" Eye Nuts
 - Large hardheads or lags
 - Large "J" hooks
 - Non standard eye nuts on the composite arms
 - Remove and install pole steps

Catalog #: SS-3

Lineman Fuse Plier

6 TOOLS IN 1

- 9/16", 5/8" and 3/4" sockets
- Fuse-cap remover
- Wire Cutter
- Plier

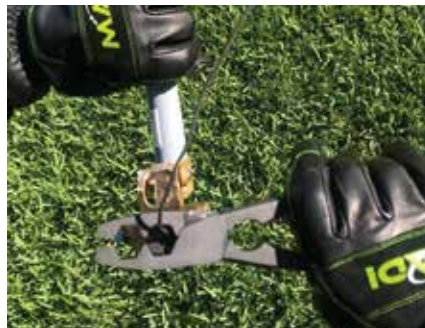

Catalog #: FP-1

Exclusive integrated
5/8" and 9/16" box
end wrenches

Tool Dimensions:
10" x 2-3/4" x 11/16"
Weight:
22.3 oz. or 1.63 lbs.

Tightening 9/16", 5/8" &
3/4" fuse nuts

Cutting fuse tail

Taking fuse cap off

Truck door storage

- Forged steel for maximum durability and long life
- Integrated:
 - Wrenches specifically designed for tightening and removing 9/16", 5/8" and 3/4" fuse nuts
 - Fuse-cap remover for all fuse door caps
 - Wire cutter to trim fuse link
- 10" length for added leverage and cutting power
- Knurled all-metal handles for a secure grip that will not deteriorate
- Includes truck-door storage holder
- High-visibility ink-filled sizes for easy identification
- Cuts #2 ACSR, #2 AAAC and soft wire

Tri-Square Big Wrench

- Non-conductive patented handle – up to 30% lighter than the competition
- Stainless steel sockets to enhance durability and minimize rusting
- 3-in-1 socket wrench fits:
 - 1/2" Lag bolts (hard heads)
 - 1/2", 5/8", & 3/4", square-headed bolts and nuts
- Ratchet mechanism with reversing control
- Rubber grip for more comfort and better control
- Built-in safety lanyard hole for tethering where required
- Tapered handle for easy storage in belt or bucket
- High-visibility MAD1 green handle
- Bolt-thru design

Pad Mount Lid Lifter

Safer Solution – eliminate back Injuries

Attach with magnet

Lift with back straight

Lower with back straight

- Eliminate back strains
- Eliminate face exposure to flash
- Non-conductive telescoping handle
- Up to 5x easier to lift transformer door
- Compact design for easy storage
- Solid aluminum shaft for improved durability

Staple Remover

- Removes buried staples
- Holds conductors
- Pry bar
- Butt check a pole
- Use as a drift pin
- Open gap in handle – isolates shaft from cap
- Drives bolts out
- Hex shaft for maximum strength

30

Catalog #: SR-1

Built for digging staples

Case-hardened cap

Lineman Hammer

Small staple starter head

Integrated removable staple puller

Integrated "J" hook remover

ALSO AVAILABLE WITH CLAW END

Easily remove ground wire and molding

Catalog #: CMLH-1 (32oz milled face claw hammer)

- Large head for driving lag screws, "J" hooks and hard heads
- Fiberglass non-conductive handle
- Longer handle for 2-handed driving
- 35oz & milled face or smooth face

Catalog #: SLH-1 (Smooth Face)

Catalog #: MLH-1 (Milled Face)

31

All-Steel Milled Lineman Hammer

Transmission Bell Separator with Staple Remover

NEW

Features & Benefits:

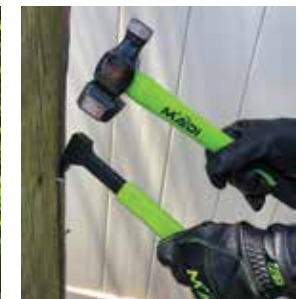

- Single piece forged steel handle and head for extreme durability
- Large head for driving lag screws, "J" hooks and hard heads
- Small milled staple starter head
- Integrated staple pullers – from fence to 3" staples
- Integrated "J" hook remover
- Longer handle for 2 handed driving
- 32oz head with 2 milled faces

Bell Separator

Hammer

Staple Remover

- 3 tools in 1
- Wedge end pushes the cotter pin back so the bells can be separated
- Integrated staple remover to easily dig out flush to sub-flush staples
- Forged steel for maximum durability and long life
- Non-slip rubber grip for comfort and shock absorption
- Hang hole for easy bucket storage

Catalog #: BSSR-1

Headlight

- Works with or without shields
- Flip shields up or down versus:
 - Carrying 2 helmets or
 - Wasting time removing lights
- Full front view / No blinding back light
- 3 Settings – bright, dim and off
- 450 Lumens / 20 Hours of runtime
- Water resistant – IP65 & Lightweight
- Fire-retardent strap and wire cover
- Works off 4 AA batteries – not included

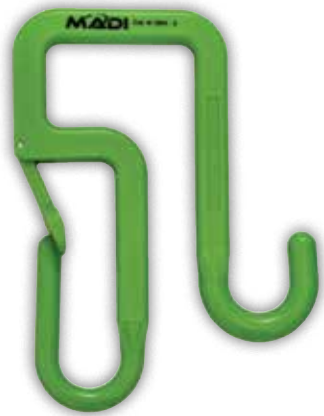

20-ounce Tumbler

- Holds 20 ounces for hot or cold drinks
- Vacuum-sealed – keep your drinks cold for up to 12 hours and hot for up to 6 hours without sweating
- Durable – made of high-grade, double-walled, food-grade 18/8 stainless steel
- Large upper diameter for easy cleaning and small base fits standard cup holders
- Tough transparent lid

Safety Bucket Hooks

SBH-3: 3"

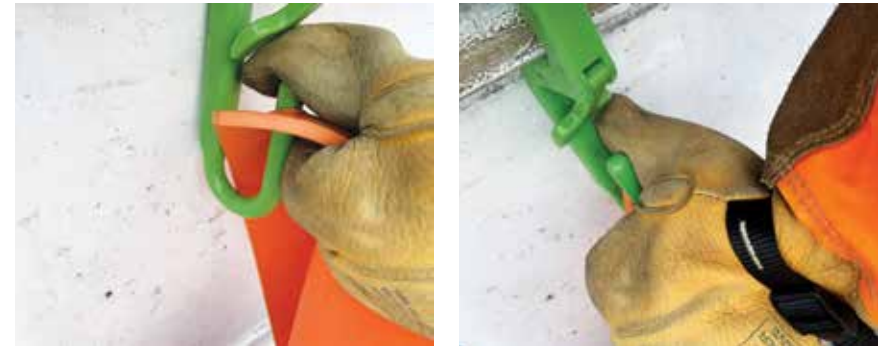

SBH-2: 2"

Extra-wide paddle gate for opening with rubber gloves

Catalog #: SBH-2
Catalog #: SBH-3

Exclusive spring loaded safety gate

- Exclusive integrated safety gate prevents unintentional accessory falls
- Extra-wide paddle gate for opening with rubber gloves
- Up to 150 lb. working load limit (WLL) for high strength and reliability
- High-visibility polymer for easy location and weather resistance
- Hooks compatible with rubber blankets and tool / material bags
- Interior hook for hanging tools, bags and aprons
- 3" hook will accommodate up to 5 rubber blankets with safety gate closed
- 2" (Cat. # SBH 2) and 3" (Cat. # SBH 3) sizes accommodate most common bucket sizes

Pole Cradle & Pad

*Convenience
and productivity*

24" x 16" x 3-1/2"
41 lbs.

- Use as an outrigger/stiff-leg pad or pole cradle (up to 14" diameter)
- Pole may be spun to drill and frame all 360 degrees
- Allows for ground framing reducing the risk from falling tools
- Constructed of fiberglass-reinforced nylon for weight reduction and maximum durability
- Allows all crew members to help frame versus just those in the bucket
- Weight rating – up to 12,000 lbs.
- Easily stores in standard outrigger/stiff-leg locations
- Rope handle for easy transportation

Pole Cradle

Pole Cradle

Pole Cradle

Extreme Support

Stiff Leg Pad

Compact Storage

Lineman Bucket Bag

14" Length
7" Width
13" Height

Side view - 7" Wide

Inside view - 6 Pockets

- Made of heavy-duty 1680D ballistic nylon for maximum durability
- Material is 100% water-resistant & puncture-resistant up to 80 lbs.
- 12 total pockets – 6 Inner & 6 outer dividers for keytools
- Rugged bottom for durability and structural integrity
- Two holes on the front for large bucket hooks
- Ideal for carrying and transporting all tools and accessories:
 - For going bucket to bucket
 - Overhead and underground storage

Catalog #: LBB-1

Lineman Stand-Up Pouch

11 3/4" Length
7 1/2" Width
3 1/2" Height

- Made of heavy-duty 1680D ballistic nylon for maximum durability
- Material is 100% water-resistant & puncture-resistant up to 80 lbs.
- Handle for secure and easier transportation
- Carabiner hole for easy attachment with other bags
- Stand-up bottom
- Ideal for carrying sockets, PPE, small tools and personal items
- Personalize pouch or identify contents

Catalog #: LP-1

Lineman Dual Compartment Tool & Gear Bag with Wheels

24" Length
12" Width
